

*A Passion for the Industry &
Responsibility to the Client*

Eagle Oilfield Inspection Services has been performing non-destructive testing for the oil and gas industry since 1982. We are a 24-HOUR service company catering to onshore and offshore clients. We offer a wide range of NDT services here at EOIS. We have a responsibility to ensure the integrity of our customers products & encourage a passion to do so. All personnel are trained and ASNT certified. Inspections are performed according to customer or industry specifications
